Do you want to take part in transforming the media industry? Are you interested in promoting professional software and services that enable our radio and media clients to be highly successful? Would you like to work in a global environment in an innovative, highly-qualified, customer-oriented team? We are strengthening our **Customer eXperience Group (CXG)** at our **Munich headquarters** with a

Solution Architect (m/f)

Your tasks:

- Build long-term, trusted customer relationships while ensuring high-quality customer experience
- Collect customer's requirements and drive product portfolio integration capabilities with the DAVID Product Management Team
- Create high-level solution designs/architectures and present them to customers, propose new solution-value propositions, and drive the full product-solution life-cycle
- Propose and develop SaaS solutions from DAVID and 3rd party product portfolios
- Steer and manage customer projects during their full life-cycle, taking time, budget and quality into consideration
- Automate and manage changes of solution roll outs
- Support outgoing sales activities with product and solution presentations, demos, training and technical concepts

Your profile:

- Customer-oriented attitude
- Experience in change management
- Self-motivated, responsive to internal and customer requirements and ability to work well in teams
- Analytical, structured way of working
- Excellent IT know-how (VM, Network, Microsoft OS, DB, SQL, Cloud, Storage...)
- IT-automation tools and scripting knowledge
- Ability to write, communicate and conduct presentations in English and German
- Work experience as a Consultant or Solutions Manager in a software or media company would be beneficial
- Degree as a qualified IT specialist ("Fachinformatiker") or equivalent is valued, but not necessary. HTML5, C#, VB knowledge, Azure / OpenStack / Amazon Cloud knowledge highly valued
- Video and/or Audio know-how and a passion for Radio would be a plus
